

SANUSI FARUQ MAYOWA

Ogun State, Nigeria, +2349032682520 sanusifarug007@gmail.com

Professional Summary

Outstanding Front-End Developer with a wealth of experience in designing, deploying, and sustaining high-performance web applications. Expert in cutting-edge front-end technologies such as Vue.js, JavaScript, and CSS frameworks like Bootstrap and Vuetify. Skilled at transforming business objectives into innovative technical solutions, with a steadfast commitment to delivering top-tier, scalable software that exceeds client expectations. Known for being highly motivated, a quick learner, and an exceptional team player, ready to embrace new challenges and adapt to evolving tasks.

Core Competence

- ❖ **Service Management Skills:** Proficient in efficiently managing services to accomplish tasks and meet objectives.
- ❖ **Front-end Technologies:** Vue.js, JavaScript, and CSS frameworks like Bootstrap and Vuetify.
- ❖ **Communication Skills:** Skilled in English, adept at effective communication both verbally and in writing.
- ❖ **Complex Problem-Solving Skills:** Capable of identifying and addressing intricate problems through effective solutions.
- ❖ **Team Player & Leadership Skills:** Experienced in team leadership, conflict resolution, organization, and fostering team cohesion.
- ❖ **Version control:** Familiar with Git for managing code versions effectively.

Work History

Web Development (Trainee), September 2022 - February 2023

AutoCredit Training Center – Ijebu Ode, Ogun State Nigeria

- ❖ Completed a six-month intensive training program specializing in JavaScript and contemporary web development technologies.
- ❖ Collaborated with a team of developers on various projects, demonstrating proficiency in utilizing Git for version control.
- ❖ Developed several interactive web pages using Javascript, significantly enhancing user interfaces and increasing user engagement.
- ❖ Delivered several final project presentations to an audience of peers and instructors, earning commendations for design and functionality.
- ❖ Successfully built constructive employee relationships with peers and instructors to maintain workforce engagement, commitment and flexibility.

Frontend Developer (Trainee), March 2023 - August 2023

Tech Talent Academy – Ijebu Ode, Ogun State Nigeria

- ❖ Completed an intensive training program focusing on JavaScript, including ES6+ features and asynchronous programming.
- ❖ Collaborated on team projects using Git for version control, mastering the use of branches, merges, and pull requests.
- ❖ Contributed to open-source projects on GitHub, improving code quality and participating in peer reviews.
- ❖ Design interactive web pages using Vue.js, enhancing user interfaces with functional and class components.

Frontend Developer (Trainer), September 2023 - August 2024

Tech Talent Academy – Ijebu Ode, Ogun State Nigeria

Overview

During this time, I served as a Frontend Developer Instructor at Tech Talent Academy (TTA) while also pursuing studies as a robotics student. This dual role allowed me to blend my passion for web development with an expanding interest in robotics.

Key Responsibilities

- ❖ **Curriculum Development:**
 - Designed comprehensive lesson plans covering HTML, CSS, JavaScript, Vue.js, and responsive design principles.
 - Developed hands-on projects to reinforce learning and encourage practical application of concepts.
- ❖ **Instruction and Mentorship:**
 - Delivered engaging lectures and interactive coding sessions.
 - Provided one-on-one mentorship to help students overcome individual learning challenges.
- ❖ **Technology Integration:**
 - Incorporated modern tools and frameworks like Vuetify and Firebase into the curriculum.
 - Guided students in using version control systems like Git and deploying projects using platforms like Vercel.
- ❖ **Event Organization:**
 - Organized coding bootcamps and hackathons to simulate real-world development scenarios.
 - Collaborated with industry professionals to give students insights into current industry trends and practices.

Robotics Studies

❖ **Practical Learning:**

- Engaged in hands-on robotics projects, enhancing my understanding of hardware and software integration.
- Applied programming skills in developing robotics solutions, further enriching my technical expertise.

Achievements

- ❖ Successfully trained over [100] students, many of whom went on to secure roles in tech companies or pursue further studies in web development.
- ❖ Introduced innovative teaching methods that improved student engagement and retention of complex concepts.
- ❖ Received positive feedback from students and peers for the ability to simplify complex topics and foster a collaborative learning environment.

Skills Gained

- ❖ **Technical Skills:** Enhanced proficiency in frontend technologies, curriculum development, and project management.
- ❖ **Communication Skills:** Developed strong communication and presentation skills, crucial for effectively teaching and mentoring students.
- ❖ **Leadership and Teamwork:** Strengthened leadership abilities by managing classroom dynamics and working closely with other instructors and administrative staff.
- ❖ **Robotics Knowledge:** Gained foundational knowledge in robotics, complementing my web development expertise.

Conclusion

This experience as a Frontend Developer Instructor at TTA, coupled with my robotics studies, not only solidified my technical expertise but also honed my ability to teach, mentor, and inspire the next generation of developers. I am excited to bring this blend of skills to future roles, contributing to both technical projects and team development.
